

February 2017

Work on Turvey Street, Revesby from Wednesday 15 February

The NSW Government is funding an upgrade to the school zone signs at Sir Joseph Banks High School as part of the state-wide Roads and Maritime School Zones Network to improve the safety for students in the area.

Roads and Maritime Services is upgrading the school zone signs on Turvey Street, between The River Road and MacKenzie Street which includes removing and replacing the existing static signs with school zone signs with flashing lights that aligns to the latest Roads and Maritime design installation specifications and standards.

Roads and Maritime currently manage over 5800 school zones flashing signs that keep school children safe across NSW. Installing these flashing lights in schools zones has been shown to improve driver awareness of the need to drive at a lower speed to ensure the safety of children and others coming and going from the school area.

New flashing signs will be installed and tested at a time outside school zone operational hours. Once the new signs are working the old signs will be removed.

Our work schedule

We will be on site to install the signs for **one shift** between **Wednesday 15 February** and **Saturday 11 March**, weather permitting. Our work hours will be from **7am to 5pm**, between **Mondays** and **Fridays** and **8am to 1pm** on **Saturdays**.

How will the work affect you?

The work will be carried out so that it does not impact the operations of school zone flashing signs around affected schools.

There will be some footpath and lane closures while work is carried out, and we will have signposting and detours in place when required. Some parking spaces will also be unavailable while work is completed.

Our work will be noisy at times but we will do everything we can to minimise its impact.

Traffic changes

There will be temporary traffic changes during our work hours to ensure the work zone is safe.

Lane closures will be in place and may affect travel times. Please keep to speed limits and follow signs and traffic controllers' directions. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Contact

If you have any questions, please contact our Project Manager Arthur Manganas on 9794 4823 or on email at FlashingLights@rms.nsw.gov.au
